

Setup specifications

PLACEHOLDER DOCUMENT - NOT FOR INSTALLATION

This temporary sheet confirms the download flow is working.
Final hardware requirements and setup instructions will replace it.

Before planning your installation, share:

- 01 Your display size, resolution and available computer.
- 02 The objects you want visitors to pick up or place.
- 03 Your RFID reader and tag details, if already selected.
- 04 Your content, space, deadline and preferred interaction.

Our software. Your hardware.

Compatibility and installation details must be confirmed with WEEV.
No minimum hardware specifications are defined in this placeholder.
